Track Technical Program Committee

- Javier Antich, Balearic Islands University, Spain
- Filippo Amighielli, University of Cassino, Italy
- Aman Behal, University of Central Florida, USA
- Dominik Belter, Poznan University of Technology, Poland
- Yolanda Bolea, BarcelonaTech, Spain
- Hugo Costelha, Instituto Politécnico de Leirí, Portugal
- Vítor Manuel Ferreira dos Santos, University of Aveiro, Portugal
- Leonid Freidovich, Umeå University, Sweden
- Bill Goodwin, University of Notre Dame, USA
- Alvaro Hernandez-Alonso, Alcala University, Spain
- Giovanni Legnani, University of Brescia, Italy
- Antonio Loria, CNRS, France
- Herminio Martinez, BarcelonaTech, Spain
- Claudio Melchiorri, University of Bologna, Italy
- René van de Molekom, Technische Universität Eindhoven, Netherlands
- Rodrigo Munguia, University of Guadalajara, Mexico
- Alberto Ortiz, Balearic Islands University, Spain
- Dariusz Pazderski, Poznan University of Technology, Poland
- Fernando Ribeiro, Universidade do Minho, Portugal
- Christian Schiegl, Hochschule Ulm, Germany
- André Gustavo Scolari Conceição, Federal University of Bahia, Brazil
- Josué Luís Sousa de Magalhães Lima, Polytechnic Institute of Bragança, Portugal
- Fernando Tomás, University of Alicante, Spain
- Jesús Ureña, Alcala University, Spain
- Friedrich M. Wahl, Technical University of Braunschweig, Germany
- Krzysztof Walas Poznan University of Technology, Poland
- Sam Ware, Staffordshire University, UK

Further Information: http://etfa2013.org

Conference Format: The conference will comprise multi-track sessions for regular papers, to present significant and novel research results with a prospect for a tangible impact on the research area and potential implementations; work-in-progress (WIP) sessions; panel discussions on the state-of-the-art and emerging trends, involving leading experts from industry and academia; and public discussion sessions moderated by leading experts in the field of industrial automation systems.

Submission of Papers: The working language of the conference is English. Two types of submissions are solicited. Long Papers – limited to 8 double column pages in a font no smaller than 10-points. Work-in-Progress and Industry practice – limited to 4 double column pages in a font no smaller than 10-points. Manuscripts must be submitted electronically in PDF format, according to the instructions contained in the Conference web site.

Best Paper Award: Best paper awards in Factory Automation and Emerging Technologies will be presented at the conference banquet dinner. Authors of outstanding papers will be invited to submit a revised version of their papers for publication in a special section in IEEE Transactions on Industrial Informatics.

Paper Acceptance: Each accepted paper must be presented at the conference by one of the authors. The final manuscript must be accompanied by a registration form and a registration fee payment proof. All conference attendees, including authors and session chairpersons, must pay the conference registration fee, and their travel expenses.

No-show Policy: The ETFA 2013 Organizing Committee reserves the right to exclude a paper from distribution after the conference at IEEE Xplore if the paper is not presented at the conference.

Author's Schedule:
Deadline for submission of long and special sessions papers: April 24, 2013
Notification of acceptance of long papers: May 24, 2013
Deadline for submission of work-in-progress papers and Industry practice: May 28, 2013
Notification of acceptance of work-in-progress papers and Industry practice: June 24, 2013
Deadline for submission of final manuscripts – long and special sessions: July 1, 2013
Deadline for submission of final manuscripts – work-in-progress papers and Industry practice: July 7, 2013
